#iVolunteer #BrasshouseEvents #VolunteersWeek

"In my work I am interested in the people and places that inspire my thinking and I like, where possible, to see the colour, quirks, humour and beauty in life. I specialise in photographing people, both on location and in the studio; I love the dynamic nature of the human form and the way the most subtle gesture - a movement of the hand, a facial expression, a touch - can be so powerful when captured on camera." - Ellie Gibbons

This exhibition is organised by **North Smethwick Development Trust**, in partnership with Tipton Litter Watch, Friends & Neighbours, Brushstrokes, Smethwick Foodbank & St Albans.
