

SCVO Funding Digest

13th – 26th August 2018

Welcome to another edition of SCVO's fortnightly 'Funding Digest'.

As ever, you will find a snapshot of funding opportunities, large and small, to complement the other support services that we offer. However, if every two weeks just isn't enough to satisfy your funding appetite, why not sign up for our **funding portal**? It only takes a minute and you will be able to search a national database detailing most UK funding opportunities; there is **no cost** – yes, it really is **FREE** - and the search facility has been updated to make your search even easier:

www.scvo.info/local-vcs-intelligence/funding-portal/

For those who might be new to the Digest, it is compiled by researching a variety of sources. Unfortunately, there is not the time to research each item thoroughly and, therefore, the accuracy of information provided cannot always be guaranteed. **All users of the digest are encouraged to contact the funder or source of the information directly, using the web links or contact details provided.**

In addition, users can contact the Development Team at SCVO (on 0121 525 1127 or by e-mail at: support@scvo.info) to request assistance with identifying funders, making funding applications or planning your fundraising strategy.

Please also have a look at the [Information Appendix](#) to this digest – we have collated a number of very useful resources to help you with your funding applications.

Finally, SCVO, like many organisations that receive this digest, is a voluntary sector and charitable organisation that must report on outcomes and achievements to its funders and supporters. SCVO welcomes your feedback on the content, layout and value of the digest and, in particular, would like to know if, as a result of this or any previous digest, **you have applied for funding OR you have been successful in raising funds or acquiring resources.**

Please send all feedback to Stuart at the contact details given below.

Young carers experience similarly poorer educational outcomes and studies suggest that almost a third of young carers experience educational problems, such as absenteeism, as a direct result of their caring role.

The programme offers funding and non-financial support and aims to pilot novel approaches to improving the educational attainment of these children and young carers which can be scaled up so that in time they are able to take advantage of opportunities afforded by tertiary education and employment. Funding of no more than £100,000 will be available over a 3-year period and match funding will be required.

Sobell Foundation (The) – Deadline: Rolling

The Sobell Foundation was established by the late Sir Michael Sobell in 1977 for general charitable purposes and is a grant-making trust with which he was actively involved until shortly before his death in 1993. The deed of charitable trust, under which the Sobell Foundation was formed, is not specific about the objects of the Trust and allows the Trustees absolute discretion to apply funds for general charitable purposes.

We are not involved in fund raising and rely upon income from our investments to make grants. Grants tend to be made in line with the founder's interests which are principally causes benefiting children, the sick, elderly, needy and disabled. The Trustees aim to achieve a reasonable spread between Jewish charities (operating principally in the U.K. and Israel) and non-Jewish charities operating in the UK.

We will only consider applications from charities registered with the Charity Commission, or charities that hold a Certificate of Exemption from the Inland Revenue. Overseas applicants must supply the details of a UK registered charity through which grants can be channelled on their behalf.

We concentrate our funding on small national or local charities; the trustees are unlikely to support large national charities which enjoy wide support. We do not accept applications from individuals.

Sport England (Community Asset Fund) – Deadline: Rolling

Sport England has launched its new capital fund, the Community Asset Fund, in support of its new strategy 'Towards an Active Nation'.

Community organisations, clubs, statutory bodies and educational establishments can apply for investments of up to £150,000 for projects which create or improve opportunities to play sport and get active in local communities.

Grants do not have to be used for a traditional space or traditional sport. Examples of eligible project locations include: canal towpaths, woodlands and open spaces with the potential to be used and enjoyed as part of an active lifestyle.

There are three levels of grant investment:

- **Small Scale Investments** (£1,000 and £15,000) – to cover the cost of emergency works due to something like storm or flood damage, or something totally unexpected that is stopping people from being able to stay active right now.
- **Medium Scale Investments** (£15,000 and 50,000) – to make more substantial changes. This might be an upgrade to an existing facility or developing a new space in the community.
- **Large Scale Investments** (£50,000 and £150,000) – for projects which can demonstrate a considerable impact or are targeting under-represented groups.

Applications will be accepted at any time. Applicants should apply when their project or idea is ready.

Funding for Schools

Ashden Trust – Deadline: rolling

The LESS CO2 sustainable schools programme is a free energy efficiency programme available to any UK school including council run, academy or independent schools.

Funded via the Ashden Trust, the programme consists of a series of half day workshops spread through the year, peer mentoring, expert advice and resources. Through participation in the programme, staff are empowered and equipped to make changes and improvements to their school to reduce their energy usage, save money on bills and lower their CO2 emissions. Schools work together, learning from each other in clusters of 15 schools in a suitable geographical area, attending four local workshops throughout a year. The workshops teach the school's representatives about energy saving in their buildings, how to engage with their fellow staff and students about energy, and educate them about the link between sustainability, energy use and efficiency. So far, 269 schools have benefitted from the scheme with those taking part saving on average £2,600 (and 10 tonnes of carbon) in their first year.

Every school in the UK is eligible to apply by registering an interest on the LESS CO2 website at any time.
