

SCVO Funding Digest

8th – 21st October 2018

Welcome to another edition of SCVO's fortnightly 'Funding Digest'.

As ever, you will find a snapshot of funding opportunities, large and small, to complement the other support services that we offer. However, if every two weeks just isn't enough to satisfy your funding appetite, why not sign up for our **funding portal**? It only takes a minute and you will be able to search a national database detailing most UK funding opportunities; there is **no cost** – yes, it really is **FREE** - and the search facility has been updated to make your search even easier:

www.scvo.info/local-vcs-intelligence/funding-portal/

For those who might be new to the Digest, it is compiled by researching a variety of sources. Unfortunately, there is not the time to research each item thoroughly and, therefore, the accuracy of information provided cannot always be guaranteed. **All users of the digest are encouraged to contact the funder or source of the information directly, using the web links or contact details provided.**

In addition, users can contact the Development Team at SCVO (on 0121 525 1127 or by e-mail at: support@scvo.info) to request assistance with identifying funders, making funding applications or planning your fundraising strategy.

Please also have a look at the [Information Appendix](#) to this digest – we have collated a number of very useful resources to help you with your funding applications.

Finally, SCVO, like many organisations that receive this digest, is a voluntary sector and charitable organisation that must report on outcomes and achievements to its funders and supporters. SCVO welcomes your feedback on the content, layout and value of the digest and, in particular, would like to know if, as a result of this or any previous digest, **you have applied for funding OR you have been successful in raising funds or acquiring resources.**

Please send all feedback to Stuart at the contact details given below.

Community Pub Business Support Programme – Deadline: March 2019

Communities in England looking to take responsibility for and ownership of their local pub, through purchase or long-term lease can now apply for financial support through the Community Pub Business Support Programme. A total of £3.62 million is available over two years and the support package includes business development support, advice and loan and grant funding. The financial support includes flexible bursary awards of up to £2,500 to fund pre-feasibility costs such as public consultation and valuations and combined loan and grant funding up to £100,000. - encouraging volunteering, citizenship and community development as a hub for community groups.

Although the programme is aimed primarily at communities considering taking responsibility for and ownership of their local pub, in some cases existing community-owned or managed pub-based businesses may be considered, if they are looking to diversify for community benefit and can demonstrate a clear economic case.

To apply, communities need to fill out an initial enquiry form or call the programme advice line for more information on 01993 810730.

British and Foreign School Society – Deadline: Rolling

The British and Foreign School Society has launched a new programme dedicated to improving approaches to the educational attainment of 'looked after children' and young carers in the UK.

Government data shows that looked after children have significantly poorer educational outcomes than children not in care throughout primary and secondary school, with the gap widening as children get older. Young carers experience similarly poorer educational outcomes and studies suggest that almost a third of young carers experience educational problems, such as absenteeism, as a direct result of their caring role.

The programme offers funding and non-financial support and aims to pilot novel approaches to improving the educational attainment of these children and young carers which can be scaled up so that in time they are able to take advantage of opportunities afforded by tertiary education and employment. Funding of no more than £100,000 will be available over a 3-year period and match funding will be required.

Applications will be considered from educational or training institutions which have UK charitable status or, in the case of schools, colleges, universities and Churches, "exempt charity" status.

We provide grants for a wide range of items, such as washing machines, sensory toys, family breaks, bedding, tablets, furniture, outdoor play equipment, clothing and computers. It can be a struggle financially, emotionally and physically for families raising a disabled or seriously ill child, and these grants help break down many of the barriers families face, improving their quality of life and easing the additional daily pressures.

Sobell Foundation (The) – Deadline: Rolling

The Sobell Foundation was established by the late Sir Michael Sobell in 1977 for general charitable purposes and is a grant-making trust with which he was actively involved until shortly before his death in 1993. The deed of charitable trust, under which the Sobell Foundation was formed, is not specific about the objects of the Trust and allows the Trustees absolute discretion to apply funds for general charitable purposes.

We are not involved in fund raising and rely upon income from our investments to make grants. Grants tend to be made in line with the founder's interests which are principally causes benefiting children, the sick, elderly, needy and disabled. The Trustees aim to achieve a reasonable spread between Jewish charities (operating principally in the U.K. and Israel) and non-Jewish charities operating in the UK.

We will only consider applications from charities registered with the Charity Commission, or charities that hold a Certificate of Exemption from the Inland Revenue. Overseas applicants must supply the details of a UK registered charity through which grants can be channelled on their behalf.

We concentrate our funding on small national or local charities; the trustees are unlikely to support large national charities which enjoy wide support. We do not accept applications from individuals.

Funding for Schools

Ashden Trust – Deadline: rolling

The LESS CO2 sustainable schools programme is a free energy efficiency programme available to any UK school including council run, academy or independent schools.

Funded via the Ashden Trust, the programme consists of a series of half day workshops spread through the year, peer mentoring, expert advice and resources. Through participation in the programme, staff are empowered and equipped to make changes and improvements to their school to reduce their energy usage, save money on bills and lower their CO2 emissions. Schools work together, learning from each other in clusters of 15 schools in a suitable geographical area, attending four local workshops throughout a year. The workshops teach the school's representatives about energy saving in their buildings, how to engage with their fellow staff and students about energy, and educate them about the link between sustainability, energy use and efficiency. So far, 269 schools have benefitted from the scheme with those taking part saving on average £2,600 (and 10 tonnes of carbon) in their first year.

Every school in the UK is eligible to apply by registering an interest on the LESS CO2 website at any time.
