

SCVO Funding Digest

14th – 27th January 2019

Welcome to another edition of SCVO's fortnightly 'Funding Digest' – *the first of 2019!*

As ever, you will find a snapshot of funding opportunities, large and small, to complement the other support services that we offer.

Regular readers will know that a new edition appears every fortnight (Bank Holidays and staff resources permitting), but you don't have to wait for each edition... you can access funding information any time by signing up for our **FREE funding portal** It only takes a minute and you will be able to search a national database detailing most UK funding opportunities; there is *no cost* – yes, it really is **FREE** - and the search facility has been updated to make your search even easier:

www.scvo.info/local-vcs-intelligence/funding-portal/

For those who might be new to the Digest, it is compiled by researching a variety of sources. Unfortunately, there is not the time to research each item thoroughly and, therefore, the accuracy of information provided cannot always be guaranteed. *All users of the digest are encouraged to contact the funder or source of the information directly, using the web links or contact details provided.*

In addition, users can contact the Development Team at SCVO (on 0121 525 1127 or by e-mail at: support@scvo.info) to request assistance with identifying funders, making funding applications or planning your fundraising strategy.

Please also have a look at the [Information Appendix](#) to this digest – we have collated a number of very useful resources to help you with your funding applications.

Finally, SCVO, like many organisations that receive this digest, is a voluntary sector and charitable organisation that must report on outcomes and achievements to its funders and supporters. SCVO welcomes your feedback on the content, layout and value of the digest and, in particular, would like to know if, as a result of this or any previous digest, **you have applied for funding OR you have been successful in raising funds or acquiring resources.**

Please send all feedback to Stuart at the contact details given below.

New in this Edition

Comic Relief – Deadline: 22nd March 2019

Comic Relief has announced the launch of a new funding Initiative to develop child centred approaches that address the comprehensive development needs of children during their early years, up to and including their transition to primary school.

The “Children Survive and Thrive: Rise and Shine” initiative will open for applications on the 7th January and close for applications on the 12 noon (GMT) 22nd March 2019.

Grants of up to £150,000 in the UK and £300,000 in Kenya and Malawi will be available for projects lasting between 3 and 5 years.

The funding will be available to Organisations that directly support families with young children. Organisations with demonstrable experience in one or more of the key areas – for instance in health, or in education – may be able to extend this and integrate multiple elements of early childhood development.

Proposals can be made by single applicants, or by partnerships of two or three organisations that will receive funding (but only one organisation can act as grant holder)

Applicants that are shortlisted will be given a further 7 weeks to submit a full proposal, and the Stage 2 deadline will be 12 noon GMT on Friday 31 May 2019.

EnAble Fund for Elected Office – Deadline: See website

The EnAble Fund for Elected Office is provided by the Government Equalities Office and is administered by Disability Rights UK. The Fund is intended to cover the additional financial costs associated with a disability or health condition, that would otherwise prevent someone from seeking elected office. The overall aim of the Fund is to create a level playing field for disabled people and people with a long-term health condition - not to give anyone an unfair advantage.

The Fund can cover the cost of the reasonable adjustments required to enable someone to stand for elected office. This could include items such as BSL interpreters, Assistive Technology, a Personal Assistant to assist with specific tasks, or taxi fares where other modes of transport are not appropriate.

The EnAble Fund for Elected Office runs until May 2020 and is therefore primarily intended to support disabled people seeking election in the Local Elections in May 2019 and the Police and Crime Commissioner Elections in May 2020.

Applicants to the Fund must have:

- A physical or mental impairment that has a substantial and long-term adverse effect on their ability to carry out normal day-to-day activities.
- A genuine intention to seek elected office, for an election that takes place during the timescale of the fund. These will include Local Government Elections in May 2109 and Police and Crime Commissioner Elections in May 2020.

To find out more about the Fund, how to apply and to discuss eligibility, please contact:

Telephone: 0330 995 0400 and select Option 1

The British and Foreign School Society has launched a new programme dedicated to improving approaches to the educational attainment of 'looked after children' and young carers in the UK.

Government data shows that looked after children have significantly poorer educational outcomes than children not in care throughout primary and secondary school, with the gap widening as children get older. Young carers experience similarly poorer educational outcomes and studies suggest that almost a third of young carers experience educational problems, such as absenteeism, as a direct result of their caring role.

The programme offers funding and non-financial support and aims to pilot novel approaches to improving the educational attainment of these children and young carers which can be scaled up so that in time they are able to take advantage of opportunities afforded by tertiary education and employment. Funding of no more than £100,000 will be available over a 3-year period and match funding will be required.

Applications will be considered from educational or training institutions which have UK charitable status or, in the case of schools, colleges, universities and Churches, "exempt charity" status.

Family Fund – Deadline: Rolling

Family Fund is the UK's largest charity providing grants for families raising disabled or seriously ill children and young people. Last year, we provided 89,423 grants or services worth over £36 million to families across the UK. Beginning with the most vulnerable, those on low incomes, and considering all conditions against our disability criteria, we aim to make a difference to outcomes for disabled or seriously ill children and young people and the lives of the families raising them across the UK.

We provide grants for a wide range of items, such as washing machines, sensory toys, family breaks, bedding, tablets, furniture, outdoor play equipment, clothing and computers. It can be a struggle financially, emotionally and physically for families raising a disabled or seriously ill child, and these grants help break down many of the barriers families face, improving their quality of life and easing the additional daily pressures.

Sobell Foundation (The) – Deadline: Rolling

The Sobell Foundation was established by the late Sir Michael Sobell in 1977 for general charitable purposes and is a grant-making trust with which he was actively involved until shortly before his death in 1993. The deed of charitable trust, under which the Sobell Foundation was formed, is not specific about the objects of the Trust and allows the Trustees absolute discretion to apply funds for general charitable purposes.

We are not involved in fund raising and rely upon income from our investments to make grants. Grants tend to be made in line with the founder's interests which are principally causes benefiting children, the sick, elderly, needy and

disabled. The Trustees aim to achieve a reasonable spread between Jewish charities (operating principally in the U.K. and Israel) and non-Jewish charities operating in the UK.

We will only consider applications from charities registered with the Charity Commission, or charities that hold a Certificate of Exemption from the Inland Revenue. Overseas applicants must supply the details of a UK registered charity through which grants can be channelled on their behalf.

We concentrate our funding on small national or local charities; the trustees are unlikely to support large national charities which enjoy wide support. We do not accept applications from individuals.

Funding for Schools

Schools work together, learning from each other in clusters of 15 schools in a suitable geographical area, attending four local workshops throughout a year. The workshops teach the school's representatives about energy saving in their buildings, how to engage with their fellow staff and students about energy, and educate them about the link between sustainability, energy use and efficiency. So far, 269 schools have benefitted from the scheme with those taking part saving on average £2,600 (and 10 tonnes of carbon) in their first year.

Every school in the UK is eligible to apply by registering an interest on the LESS CO2 website at any time.
