Hello and 'welcome' to another edition of SCVO's fortnightly 'Funding Digest' – *don't they come around quickly!*

As ever, you will find a snapshot of funding opportunities, large and small, to complement the other support services that we offer. However, due to annual leave, you will see that this digest has been extended a little – covering a 3-week period. Normal service should be resumed during w/c 5th August 2019.

Regular readers will know that a new edition appears every fortnight (Bank Holidays and staff resources permitting), *but you don't have to wait for each edition*... you can access funding information any time by signing up for our **FREE** funding portal. It only takes a minute and you will be able to search a national database detailing most UK funding opportunities; there is **no cost** – yes, it really is **FREE** - and the search facility has been updated to make your search even easier:

For those who might be new to the Digest, it is compiled by researching a variety of sources. Unfortunately, there is not the time to research each item thoroughly and, therefore, the accuracy of information provided cannot always be guaranteed. **All users of the digest are encouraged to contact the funder or source of the information directly, using the web links or contact details provided.**

In addition, users can contact the Development Team at SCVO (on 0121 525 1127 or by e-mail at: [support@scvo.info](mailto:support@scvo.info)) to request assistance with identifying funders, making funding applications or planning your fundraising strategy. **Indeed, you may like to consider our SCVO+ programme – where we provide consultancy support, on a chargeable basis, to help your organisation apply for funding.**

Please also have a look at the [Information Appendix](#) to this digest – we have collated a number of very useful resources to help you with your funding applications.

Finally, SCVO, like many organisations that receive this digest, is a voluntary sector and charitable organisation that must report on outcomes and achievements to its funders and supporters. SCVO welcomes your feedback on the content, layout and value of the digest and, in particular, would like to know if, as a result of this or any previous digest, you have applied for funding OR you have been successful in raising funds or acquiring resources.

Please send all feedback to Stuart at the contact details given below.

Barrow Cadbury Trust Migration Programme – Deadline: Rolling

Not for profit organisations that promote positive interaction between different groups in order to counter xenophobia, racism and Islamophobia can apply for funding through the Barrow Cadbury Trust’s Migration Programme.

Through its Migration Programme the Trust want to fund grassroots groups working with refugees, asylum seekers, undocumented migrants and other marginalised migrants. The Field Studies Council (FSC) Bursary provides support to individuals who are from disadvantaged backgrounds enabling them to take part in FSC curriculum focused courses with their school class. This support, for individuals, is valuable as it can be a deciding factor on whether or not a whole class experiences fieldwork and out of classroom learning. Bursaries can be awarded to a maximum per school of £1500 for residential courses and £450 for day visits per academic year. Each individual student may only benefit from one bursary.

Bursaries will represent a maximum of 80% of the curriculum course fee. Applications from schools with a group size of more than 30 students of whom at least 50% are eligible for bursary support will be considered on an individual basis.

Children and young people aged 4-19 attending school or college in the state sector who live in the 10% most deprived areas of England, Wales, Scotland, Northern Ireland or the Republic of Ireland and who are attending a curriculum focused FSC course are eligible to apply. Applications can be made at any time but must be made at least 4 weeks prior to the date of the FSC course.

Young carers experience similarly poorer educational outcomes and studies suggest that almost a third of young carers experience educational problems, such as absenteeism, as a direct result of their caring role.

The programme offers funding and non-financial support and aims to pilot novel approaches to improving the educational attainment of these children and young carers which can be scaled up so that in time they are able to take advantage of opportunities afforded by tertiary education and employment. Funding of no more than £100,000 will be available over a 3-year period and match funding will be required.

We provide grants for a wide range of items, such as washing machines, sensory toys, family breaks, bedding, tablets, furniture, outdoor play equipment, clothing and computers. We raise funds throughout the year to support causes that will change people’s lives. **Sobell Foundation (The) – Deadline: Rolling**

The Sobell Foundation was established by the late Sir Michael Sobell in 1977 for general charitable purposes and is a grant-making trust with which he was actively involved until shortly before his death in 1993. The deed of charitable trust, under which the Sobell Foundation was formed, is not specific about the objects of the Trust and allows the Trustees absolute discretion to apply funds for general charitable purposes.

We are not involved in fund raising and rely upon income from our investments to make grants. Grants tend to be made in line with the founder’s interests which are principally causes benefiting children, the sick, elderly, needy and disabled. The Trustees aim to achieve a reasonable spread between Jewish charities (operating principally in the U.K. and Israel) and non-Jewish charities operating in the UK.

We will only consider applications from charities registered with the Charity Commission, or charities that hold a Certificate of Exemption from the Inland Revenue. Overseas applicants must supply the details of a UK registered charity through which grants can be channelled on their behalf.

We concentrate our funding on small national or local charities; the trustees are unlikely to support large national charities which enjoy wide support. We do not accept applications from individuals.

Funding for Schools

Ashden Trust – Deadline: rolling
The LESS CO2 sustainable schools programme is a free energy efficiency programme available to any UK school including council run, academy or independent schools. Funded via the Ashden Trust, the programme consists of a series of half day workshops spread through the year, peer mentoring, expert advice and resources. Through participation in the programme, staff are empowered and equipped to make changes and improvements to their school to reduce their energy usage, save money on bills and lower their CO2 emissions. Schools work together, learning from each other in clusters of 15 schools in a suitable geographical area, attending four local workshops throughout a year. The workshops teach the school’s representatives about energy saving in their buildings, how to engage with their fellow staff and students about energy, and educate them about the link between sustainability, energy use and efficiency. So far, 269 schools have benefitted from the scheme with those taking part saving on average £2,600 (and 10 tonnes of carbon) in their first year.
Every school in the UK is eligible to apply by registering an interest on the LESS CO2 website at any time.
