APPENDIX 1 – Definition of the Voluntary and Community Sector	7

1. Introduction

Vision 2030 sets out the ambitions towards making Sandwell (in 2030) a thriving, optimistic and resilient community. Central to this vision is the message of closer partnership working between all sectors and communities across the borough.

The aspiration is for Sandwell (now and in the future) to be where we call home and where we’re proud to belong – where we choose to bring up our families, where we feel safe and cared for, enjoying good health, rewarding work, feeling connected and valued in our neighbourhoods and communities, confident in the future, and benefiting fully from a revitalised West Midlands.

SCVO is a Sandwell-based charity, working across the whole of the borough, with a mission to help local residents and communities access support, which enables them to take greater control of their lives, overcome challenges and make the most of opportunities available to them.

SCVO is delivering this grant programme, on behalf of and in partnership with Sandwell Metropolitan Borough Council (who are providing the funding), to enable voluntary and community groups to deliver activities in Sandwell, and to Sandwell residents, to support the following priorities:

Cont ...

(a). Purpose of the Fund

Funding is available for projects that will achieve one or more of the following:

- Create new opportunities for Sandwell residents to take part in sport in a community setting
- Support people to transition from 'healthy lifestyle' activities into regular sporting activities
- Increase the number of volunteers involved in helping to deliver sports activities
- Create opportunities for volunteers to become qualified coaches

Additionally, projects will need to be able to evidence how they address the following outcomes:

- Increasing opportunities for participation in and take-up/increased frequency of participation in sport / physical activity amongst residents
- That capacity and sustainability of sports in Sandwell is strengthened, for example, through increased volunteer involvement.

Priority will be given to projects that can demonstrate a plan for how their activities will be sustained in the long term.

Collaborative applications (involving more than one community group) that clearly support people to transition from 'healthy lifestyle' activities into regular sporting activities are particularly encouraged.

(b). Grant Amounts

Funding is available as follows:

- a grant of up to £5,000 (that can be spent over a 1-year delivery period, with a minimum amount of £500)

(larger awards may be available for collaborative projects that clearly support people to transition from 'healthy lifestyle' activities into regular sporting activities)

PLEASE NOTE – you may only have **ONE** funded proposal from this programme in delivery at any one time.

(c). Grant Eligibility

Eligibility for funding is limited to voluntary, community and not-for-profit/charitable organisations that fit within the definition of the Voluntary and Community Sector (VCS) as detailed in [Appendix 1](#).

If you are in any doubt as to your eligibility, please telephone/email (see below) to seek clarification.

(d). Exclusions

- **Capital Expenditure:** Whilst this is not a programme to fund significant 'capital' expenditure, items that are considered relevant and proportionate to the proposed delivery will be considered and need to be detailed in the proposed budget breakdown.
- **Direct Salary Costs:** Funds can be used to support extra capacity to deliver this project e.g. sessional workers, tutors or extra capacity for existing staff. It is **not** intended to fund **new** posts, unless there is a clear and robust sustainability strategy in place.

(e). Principles of Stronger Sandwell

The project should reflect the following three principles:

- i. **Build on Sandwell's Strengths** - Sandwell's biggest strength is its community. Everything we do will be based on local people's ideas and skills. In that way, we'll do our work WITH local people not TO them.
- ii. **Local Focus and Investment** - We'll invest time and resources locally. That means focusing on projects run BY local people FOR local people, not by large companies from outside the area.
- iii. **Nobody is Left Behind** - We'll make sure that we never forget those facing the biggest life challenges. This may include the oldest and youngest members of our community, as well as those living with disabilities or financial hardship. Our Stronger Sandwell is for everyone!

2. Notes on Completing the Application Forms

(a). General Guidance

- Please read through the relevant application form and these guidance notes **BEFORE** you begin so that you answer the questions as fully as possible.
- **Please do not exceed the word count** on the questions, as we would like applications to be as focused as possible. There is no **minimum** word count, but the more relevant information you can provide to the panel the better they will understand your organisation and proposal.
Do not assume that the Grant Panel knows your organisation, even if your organisation has received funding from SCVO or Sandwell Council in the past.
Please complete **ALL** questions and sections within the application form.
- **Financial Information Required:** please provide a copy of the most recent financial information for your organisation (and **not** simply a bank statement) – this should include items such as your income and expenditure for a 12-month period (as a minimum) but may also include a balance sheet (showing the assets of the group/organisation).

(b). Detailed Guidance

If you are in any doubt as to your eligibility, please telephone/email (see below) to seek clarification.

Q1. Describe your project

- Please give us detailed information about your project, including such things as:
 - The focus of your project (one, or more, from):
 - Create new opportunities to take part in sport in a community setting
 - Support transitions from 'healthy lives' activities into 'Sporting' lifestyles
 - Increase the number of volunteers involved in sports
 - Create opportunities for volunteers to become qualified coaches
 - What you want to do
 - How your activity will achieve your chosen focus
 - Where and when the project will take place

Q2. Please explain ...

- **How many people you expect to be involved** – please give us a TOTAL number and whether you are targeting any specific demographics in terms of age, ethnicity etc.
- **What difference it will make** – what changes do you expect to see in those taking part? For example, what benefit do residents experience from taking part in community-based sport settings? How does it contribute to their overall health and wellbeing? By volunteering in a project, how does that help residents more generally? For example, meeting new people, 'giving back' to their community, developing new skills etc.
- **How you will evidence the changes** – tell us how you will show what's changed in project participants. For example, what sort of questions might you ask of participants and how will you record their responses to show that your project has made a difference? What methods of recording might you use? For example, face-to-face conversations, questionnaires, etc.

Q3. Why do you think this project will work?

- We're looking for you to tell us the sort of (similar) things that you've done in the past that have worked and how that makes you confident of 'success' for this proposal – you can give us some examples of what you've done and the outputs/outcomes that were achieved.
- Tell us how you will go about promoting your activity – for example, who will you speak to, how will you advertise it (e.g. leaflets/flyers, word of mouth, social media etc.)?
- The method(s) of promotion should be relevant to the types of participants being sought.
- How local people have been actively involved/ consulted in designing and will be delivering the project

Q4. How does your project reflect the principles of 'Stronger Sandwell'? Specifically:

- Build on Sandwell's Strengths
 - Local Focus and Investment
 - Nobody is Left Behind
- (See Above – Introduction (e) for more detail).

Q5. Please tell us what you plan to spend the money on and provide a breakdown of costs.

- Whilst Vision 2030 Community Grants are not primarily to fund capital expenditure e.g. land/buildings, property refurbishment, significant spending on technology etc. such expenditure **WILL** be considered within the overall context of the application and where it is proportionate to overall project value.

Cont ...

- We would **NOT** expect Vision 2030 grants to be funding the employment of **new** staff, but consideration will be given to increases in the hours of existing part-time staff and/or the use of sessional workers where appropriate.
- A finely detailed budget is not required – we are simply seeking detail of the broad headings and proposed spend e.g. room hire, office overheads, publicity, volunteer expenses etc.

Q6. What additional support from SCVO and/or local support agencies do you feel you might need to make sure that your project is a success?

- Please tell us if you have already identified areas of delivery that you feel would benefit from support – for example, how to work with/recruit more volunteers, help with funding applications, ideas around promoting the work of your group etc.
