

# FREE: Safer Sleep Training : Black Country

The Black Country Child Death Overview Panel Strategic Partnership has funded Lullaby Trust training to allow **ALL staff working and/or living in the Black Country** access to safer sleep training for **free**.

This may be of interest to those who interact with children and families, but we want as many people as possible to access this training. If we are to prevent child deaths then consistent safer sleep messages **MUST** be delivered by all professionals working across health, education (including early years and nursery providers), social care, voluntary and community organisations, emergency services, housing officers and anyone who engages with families prior to or following the birth of a child.

- **You will need to complete a registration:** <https://forms.office.com/e/ge85D3LHLE>
- The link and password to access the training will be sent directly to you (up to 10 days following completion of the registration form)
- The link will take you to a platform that consists of three videos (Approx one hour 10 minutes in total)
- **Once the training is complete, please complete the evaluation:** <https://forms.office.com/e/zFTXLAfr6T>
- A certificate will be issued (up to 10 days following completion of the evaluation form)

**If you have any questions, please contact the Black Country Child Death Overview Panel:**  
[bcicb.blackcountrycdop@nhs.net](mailto:bcicb.blackcountrycdop@nhs.net)

CDOP supports the information and messages provided by the Lullaby Trust, this is a 6-month opportunity to access the training for free.
